As an introduction to this event, some highlights:

- **Sabrage:** opening of chilled champagne with sabres, overseen by Judy Tayler-Smith of the [Confrérie du Sabre d'Or](#)
- **Cadet Corps of Drums and Light Cavalry Guard**
- Two very distinguished speakers from the Consultancy Industry and City
Matt Candy (*Global Leader IBM iX*)
Alderman Sir Andrew Parmley (*Hon Liveryman, past Lord Mayor*)

This event is the last “Great Event” that will be on David’s Watch as Master 2017-18 and is also unique being our 25th Anniversary. David wants everyone to use this dinner to celebrate how WCoMC successfully links Management Consultancy with the Livery – what we have achieved and where we will be in the future

WCoMC has a growing vibrant membership. We have numerous volunteers who support our philanthropic activities by investing and dedicating huge amounts of their time to helping Charities without any charge

Similarly, we also have an energetic Education Agenda, borne out this year by our formation of the Centre for Management Consulting Excellence, reaching out to consultants from across the profession and industry on current issues that affect all sectors of the economy.

Helping us pull all this together into the real world of Management Consultancy and the City Livery are:

- **Matt Candy** – Global Leader of IBM iX, IBM’s expert business that brings strategy, creativity and technology together to help their clients digitally reinvent their businesses.
- **Andrew Parmley** – who was the Lord Mayor of London for the year 2016-17 and Aldermanic Sheriff in 2014-15; he is very well known to our Company as an Honorary Liveryman and also our Organist at our Annual Church Service.

So come and join your fellow Freeman and Liverymen in a celebration of our contribution to our Profession and the achievements of the Civic City. Enjoy the entertainment provided by the Cadet Corps and Light Cavalry. Make a donation to our Charitable Fund and join in the Mass Sabrage; we aim to open 50 bottles at once, which will be some spectacle!
